

Benjamin Hargrave

IT Consultant

“ Everything should be made as simple as possible, but no simpler. — *Albert Einstein* ”

About Benjamin

Benjamin Hargrave works as an IT consultant. In the sales process, he works with customers and developers to meet their technical requirements, whilst ensuring they retain control of the product's development. His flexibility in development roles enables him to adapt solutions to users' needs quickly.

He has a Bachelor's in software engineering, with a background in data management. Benjamin Hargrave works as an ETL developer.
